

## REAR FENDERS FOR SOFTTAILS

Klock Werks Rear Fenders for Softails are available in either 4" stretch for dynamic styling or stock length for those of you that want to simply clean-up the back of your bike. All Klock Werks Rear Fenders are stamped from 14 gauge US Steel and e-coated to prevent rust and corrosion. The use of precision deep-draw stamping technology ensures a consistent flawless finish that minimizes body work. All mounting holes are pre-cut using 5-axis laser technology for accurate fitment and bolt-on ease.

NOTE: Only the 4" stretch stocker is pre-cut to accept FLSTC-style taillight.
