

The **Escape Saddlebags** were designed after the success of our Essential Saddlebags. Not only did we increase the dimensions from 11" x 8" x 5" to 13" x 9" x 7" to allow for longer trips, we also gave the bag more structure to allow for the extra weight. These bags follow the same throw over design as the Essential Saddlebags but feature a Velcro throw over yoke to fit perfectly on all size fenders. We are also including Waterproof Covers with The Escape Saddlebags, with the intention that these bags can go with you anywhere.

The All New THRASHIN Escape Saddlebags!

13"
Laptop***

Stock Blinkers on Dyna

We have been putting these bags through the test for over a year, and one of our bigger trips being Los Angeles to Sturgis SD for the 78th Sturgis Rally. We hit beautiful weather, rain and hail, saw long flat roads and some of the best canyons and national monuments, all with our Escape Saddlebags!
