

Installed & Dyno Tuned by Thunder Tech - 17 Wandeara Crescent, Mundaring WA. www.thundertech.com.au (08) 9295 3952

STAGE 6 POWER KIT = 127 HORSEPOWER!

The perfect bolt on, performance upgrade for your Harley-Davidson® 96ci or 103ci engine. This kit will provide great, reliable torque & horse-power through the rev range. To top this performance power kit off, it includes the revolutionary S&S Easy Start Cams, making your big inch engine a breeze to start. The S&S cams are built for power, with an impressive 0.635" lift. Size matters, the huge S&S bolt on cylinders upgrade you to 107 cubic inches of raw muscle. Bolt on, no machining = no down time.
